**MATERIAL SAFETY DATA SHEET (MSDS)****POTASSIUM BICARBONATE LR****1. Product Identification**

**Synonyms:** Potassium acid carbonate; Carbonic acid, monopotassium salt; Potassium hydrogen carbonate  
**CAS No.:** 298-14-6

Product Coad: P0164500500

**Molecular Weight:** 100.12  
**Chemical Formula:** KHCO<sub>3</sub>

**2. Composition/Information on Ingredients**

Ingredient	CAS No	Percent	Hazardous
Potassium Bicarbonate	298-14-6	100%	Yes

**3. Hazards Identification**

**Emergency Overview** As part of good industrial and personal hygiene and safety procedure, avoid all unnecessary exposure to the chemical substance and ensure prompt removal from skin, eyes and clothing.

**Inhalation:** Mild alkaline irritant to respiratory system. Coughing, sneezing, possible breathing difficulty in acute cases.

**Ingestion:** No adverse effects expected.

**Skin Contact:** No adverse effects expected.

**Eye Contact:** Mild irritant, possible reddening due to alkaline effect or abrasion.

**4. First Aid Measures**

**Inhalation:** Remove to fresh air. Get medical attention for any breathing difficulty.

**Ingestion:** If large amounts were swallowed, give water to drink and get medical advice.

**Skin Contact:** Wash exposed area with soap and water. Get medical advice if irritation develops.

**Eye Contact:** Wash thoroughly with running water. Get medical advice if irritation develops.

**5. Fire Fighting Measures**

**Fire:** Not considered to be a fire hazard.

**Explosion:** Not considered to be an explosion hazard.

**Fire Extinguishing Media:** Use any means suitable for extinguishing surrounding fire.

**Special Information:** Use protective clothing and breathing equipment appropriate for the surrounding fire.

**6. Accidental Release Measures**

Ventilate area of leak or spill. Wear appropriate personal protective equipment as specified in Section 8. Spills: Sweep up and containerize for reclamation or disposal. Vacuuming or wet sweeping may be used to avoid dust dispersal. Small amounts of residue may be flushed to sewer with plenty of water.

**7. Handling and Storage**

Keep in a tightly closed container, stored in a cool, dry, ventilated area. Protect against physical damage. Containers of this material may be hazardous when empty since they retain product residues (dust, solids); observe all warnings and precautions listed for the product.

**8. Exposure Controls/Personal Protection**

**Airborne Exposure Limits:** None established.

**Ventilation System:** In general, dilution ventilation is a satisfactory health hazard control for this substance. However, if conditions of use create discomfort to the worker, a local exhaust system should be considered. **Personal Respirators (NIOSH Approved):** For conditions of use where exposure to dust or mist is apparent and engineering controls are not feasible, a particulate respirator (NIOSH type N95 or better filters) may be worn. If oil particles (e.g. lubricants, cutting fluids, glycerine, etc.) are present, use a NIOSH type R or P filter. For emergencies or instances where the exposure levels are not known, use a full-face positive-pressure, air-supplied respirator. WARNING: Air-purifying respirators do not protect workers in oxygen-deficient atmospheres.

**Skin Protection:** Wear protective gloves and clean body-covering clothing.

**Eye Protection:** Safety glasses. Maintain eye wash fountain and quick-drench facilities in work area.

## MATERIAL SAFETY DATA SHEET (MSDS)

### POTASSIUM BICARBONATE LR

#### 9. Physical and Chemical Properties

**Appearance:** White crystals.  
**Odor:** Odorless.  
**Solubility:** 36g in 100g of water.  
**Specific Gravity:** 2.17  
**Melting Point:** 100 - 120C (212 - 248F)

#### 10. Stability and Reactivity

**Stability:** Stable under ordinary conditions of use and storage.  
**Hazardous Decomposition Products:** May produce oxides of carbon and the contained metal.  
**Hazardous Polymerization:** Will not occur.  
**Incompatibilities:** No incompatibility data found. Potassium carbonyl, magnesium, chlorine trifluoride listed for the carbonate.  
**Conditions to Avoid:** Heat, flame, other sources of ignition.

#### 11. Toxicological Information

No LD50/LC50 information found relating to normal routes of occupational exposure.

---NTP Carcinogen---

Ingredient	Known	Anticipated	IARC Category
Potassium Bicarbonate (298-14-6)	No	No	None

#### 12. Ecological Information

**Environmental Fate:** No information found.  
**Environmental Toxicity:** No information found.

#### 13. Disposal Considerations

Whatever cannot be saved for recovery or recycling should be managed in an appropriate and approved waste disposal facility. Processing, use or contamination of this product may change the waste management options. State and local disposal regulations may differ from federal disposal regulations. Dispose of container and unused contents in accordance with federal, state and local requirements.

#### 14. Transport Information

Not regulated.

#### 15. Regulatory Information
